Post E-Lecture Report

We, the CLCians, were fortuitous to attend one more lecture by Ms. Iram Majid, who has become a guardian angel for the students who were bewildered about out of the box career options.

Ms. Majid broadened our spectrum regarding knowledge on the scope of ADR and discussed the **lucrative yet challenging career opportunities** in the field of ADR. Ms. Iram shared her **journey from Aligarh to Harvard**, which was exhilarating. She discussed about the **importance of ADR in the international field** and India's inadequate representation and outsourcing of issues of international arbitration to countries like Singapore, which opens the door for plethora of **career opportunities for young Indian lawyers**. She emphasized on mootings, internship, seminars, networking, knowledge of ADR to be supplemented and complemented by knowledge of litigation, various **international internship opportunities** and **student memberships in international arena**. Ms. Iram Majid has had a positive impact on the students and her energy is infectious. Hearing her was memorable moment for us.

We would like to extend our appreciation towards Mr. Jai Prakash Meena for organizing such motivational and informative series of lectures and enlightening us during this pandemic.
