From the Desk of the Professor-In-Charge

Prof. [Dr.] Alka Chawla

I, through this column, extend a warm welcome to the prospective recruiters of the students of Campus Law Centre (CLC) for the upcoming campus placements [2022-23]. CLC is one of the most prestigious law schools in the country offering a three-year LL.B. programme to graduates and post-graduates from all disciplines, namely, Science, Commerce and Humanities. The strength of our Centre is the mature student body that has the capability to analyse legal precepts and principles from myriad perspectives.

CLC has a legacy that spans over 98 years and is a pioneer in introducing case method studies for students, thus producing the finest of litigators. I take pride in stating that CLC has produced several legal stalwarts who have adorned the Parliament as ministers and members, all levels of the judiciary from lower to the Supreme Court and the bureaucracy thus contributing significantly to the field of law.

The extensive curriculum and rigorous evaluation process have prepared our students as professionals to handle a myriad of challenges. Furthermore, the annual journal titled “Campus Law Centre Student Law Review” along with various societies is the reflection of assiduous efforts put in by the students. Every year students take up legal aid work pro-bono which shows that our students grow holistically.

I can assure you that our students, with their strong foundation of conceptual understanding of legal principles and with practical exposure through internships in different realms, will prove to be valuable assets in your respective organisations. Looking forward to welcoming you to CLC, University of Delhi.

From the Desk of the Teacher Convenor

Dr. Rubina Grewal Nagra

Intellectual and professional prowess resonates from an astute and a dynamic education. A student is a reflection of his alma mater. To gauge the success of legal education one needs only to look at the alumnus.

The Campus Law Centre has proved itself time and again as a centre for excellence which has undoubtedly put it in the highest echelons of legal education. Our alumni are shining examples of how diverse the education they receive and how adaptable they are. We have produced Judges in the higher judiciary, advocates who have gone on to become renowned senior counsels, teachers, in-house lawyers, politicians and journalists, each of whom is at the very pinnacle of professional excellence.

In this day and age where legal education has transformed itself to a great magnitude and law has become a Profession of choice, rather than necessity, the CLC has kept abreast with international best practices to churn out well-rounded students who are ready to take on the world and will be an asset to any organization. I wish the students all the very best as they take up the mantle, as ambassadors of this august institution.

About CLC

CLC offers the three-year LL.B. course to graduates and is one of the oldest and most prestigious institutions. Established in 1924, CLC began as the morning classes for the Faculty of Law, University of Delhi. Noting the growing reputation and popularity of full-time day classes, it was given a distinct identity and was renamed CLC in 1975.

In its 99-year legacy, CLC has maintained its reputation of producing excellent lawyers, academicians and judges. The notable alumni of CLC have been serving the nation as Union Cabinet Ministers, Chief Justice and judges of the Supreme Court of India and several other courts and successful advocates in both practice and employment.

The institution has endeavoured to adapt to the changing demands of legal education, responding by introducing not only new subjects and concepts but also adapting to the contemporary teaching methodologies. By virtue of offering the three-year law degree, CLC attracts illustrious and bright-minded students every year. Besides encouraging discussions and participation, CLC has focused on a 'case-study' based curriculum, allowing the students to inculcate a deep understanding of theoretical legal knowledge along with the understanding of case laws.

Apart from academics, CLC offers assorted co-curricular as well as extra-curricular activities to the students through societies. The five major facilitators for this purpose are – Moot Court Society, Legal Aid Society, Debate and Discussions Society, Corporate Law Society and the Placement Assistance Council. Having different backgrounds ranging from engineers to arts and finance graduates and even students already holding multiple degrees, the multicultural and multilingual student-run bodies of the institution are one of the most diverse among law colleges.

Qualitative teaching, moot-court competitions, campus placements, legal-aid services, regular discussions, and illustrious alumni are some of the features which have established CLC as a Centre of Excellence. It is a deep-rooted legal institution having a glorious past and a bright future ahead.
