ABOUT THE WORKSHOP

THE INTERNATIONAL WORKSHOP ON LAWS GOVERNING AVIATION IN INDIA is a first of its kind initiative where Link Legal – as a leading Indian law firm, along with Campus Law Centre, University of Delhi – as a premier legal institute, have collaborated with a common objective of skilling law students of the generation and providing them with a necessary platform to add greater value to the high growth aviation industry in India.

OBJECTIVES:

- To provide the participating students with an early foundation of the Aviation legal framework in India and abroad.
- To provide applied knowledge through the industry-academia connect.
- To encourage wider adoption of industry-centric course streams by universities and law colleges.

India is experiencing an unprecedented growth in the Aviation sector owing to a rising middle class, economic growth, rising dispensable income and despite the hiatus caused that is continuing to affect the Aviation sector, the sector has been showcasing strong indicators of growth and revival.

Given the backdrop of the changing market dynamics, the Workshop aims at familiarizing the students with laws governing the Indian Aviation sector and providing them with a bird's eye view of what the study of Aviation law broadly entails. Considering an aircraft is a high value mobile asset there are multiple international Conventions that regulate and aim to facilitate and secure financing, operation, security, state rights and liabilities and repossession of the asset, et al. This unique position of an aircraft asset and knowledge of Aviation law must be leveraged by the students as it has the potential to translate into professional opportunities across the Aviation value chain within India and globally.

As India embarks on a growth journey in the Aviation sector, Link Legal in collaboration with Campus Law Centre, University of Delhi aims to prepare the stakeholders, particularly law students, for inclusive and effective participation and focused skill development.

Students/ participants shall be awarded a **CERTIFICATE OF PARTICIPATION** by the **CAMPUS LAW CENTRE, UNIVERSITY OF DELHI** on the completion of this two day workshop.

We also intend to offer an **INTERNSHIP PROGRAMME** to six students/ participants over a period of six months on the basis of the submissions made by them, and they will have an opportunity to submit an analysis on one of the topics being addressed by the workshop speakers. These submissions should be made by March 4th, 2022, and should not exceed 700 words.
